education.

Respected Sir

I the mother of Khadija Mubin Kazi would like to request you for help as a scholarship for my daughter's Education. As a single parent (mother) it is tough for me to pay her fees.

My financial condition is weak and no other source of income. My daughter is interested in doing (Electronics & computer Science Engineering). Alhamdulillah she is very intelligent and always been a topper of the class. Her Engineering 1st year result is also very Satisfaction.

Hope you will do the needful for me.
Thanking you in anticipation

Yours faithfully
